Dedicated and adaptable IT professional with 3 years of experience delivering reliable solutions in high-pressure, time-sensitive environments. Skilled in rapid incident response, troubleshooting, and problem resolution, with a strong command of Python, JavaScript, Ruby, and Rust. Known for remaining calm under pressure, thinking critically in emergencies, and consistently rising to technical challenges. Passionate about innovation and continuous learning, I'm eager to bring my expertise to a dynamic IT emergency response team where precision and performance matter most.
